

through-setting heavy duty anchors

Vorpa SAFETY THREADED NUT

Safety zincplated and A2 stainless steel threaded nuts

products group e technical data

SHEAR THREADED NUT

Anti-burglar nut with one-sided clamping system.

With a torque of about 19 Nm, the hexagonal head detaches without giving the possibility of tampering and disassembly of the object

To fix

- window and door frames
- gates
- railings
- iron bars
- traffic signals
- garden fittings
