

chemical anchors

Vorpa Pneumatic caulking gun

Extrusion tool for chemical anchors

product information

Characteristics of the pneumatic gun

- pressure switch for adjustable speed
- no toil for long and repetitive applications
- fast and uniform executions
- for 10:1 cartridges art.1200 - art.1115
- for 3:1 cartridges art.1178 - art.1126

High quality pneumatic professional tool

products group

High quality professional coaxial caulking gun for 10:1 cartridges

Characteristics of the pneumatic gun

- supply pressure: max 6.8 bar
- air consumption: max 40lt/min
- length: 55 cm
- weight: 2 kg
- for chemical anchors 380/420ml
- for 10:1 cartridges

Examples of cartridges to be used 380/420ml

Art.1200 pneumatic caulking gun 6.8bar

High quality professional bi-mixer caulking gun for 10:1 cartridges

Characteristics of the pneumatic gun

- supply pressure: max 8 bar
- air consumption: max 40lt/min
- length: 65 cm
- weight: 3 kg
- for chemical anchors 825ml
- for 10:1 cartridges

Examples of cartridges to be used 825ml

Art.1115 pneumatic caulking gun 8bar

High quality professional bi-mixer caulking gun for 3:1 cartridges

Characteristics of the pneumatic gun

- supply pressure: max 8 bar
- air consumption: max 40lt/min
- extrusion capacity: 400 kg
- length: 60 cm
- weight: 3 kg - 5kg
- for chemical anchors 385-585-1400ml
- for 3:1 cartridges

Examples of cartridges to be used 385-585-1400ml

Art.1178 - Art. 1126 pneumatic caulking gun 8bar

product code

Code	Description	To be used with
1200	Pneumatic caulking gun 10:1 - 6.8bar coaxial cartridges 380/420ml	VSM 400 - VSF 400 - VIN 400 PSF 400 - PE 400
1115	Pneumatic caulking gun 10:1 - 8bar side by side cartridges 825ml	V500 825
1178	Pneumatic caulking gun 3:1 - 8bar side by side cartridges 385-585ml	VE500 385 - VE500 585
1126	Pneumatic caulking gun 3:1 - 8bar side by side cartridges 1400ml	VE500 1400
