

Vorpa VEO

Universal lighth fixing for ceilings

products group

VEO

Suitable for
• concrete

To fix
• ceilings, hangers
• lightings, ventilation systems
• suspended ceilings
• cable conduits

product information

Characteristics

- steel anchor with expansion clip for solid material
- suitable for ceilings and suspended hangers on limited material thickness
- simple hammer-set installation and a short processing time
- the extremely short anchor depth prevents reinforcement hits
- the expansion clip guarantees a solid hold when fixed in the drill hole, and prevents it falling out during overhead installation
- the nail anchor expands automatically under load. The cone is pulled into the expansion clip and expands it against the drill hole wall

Installation

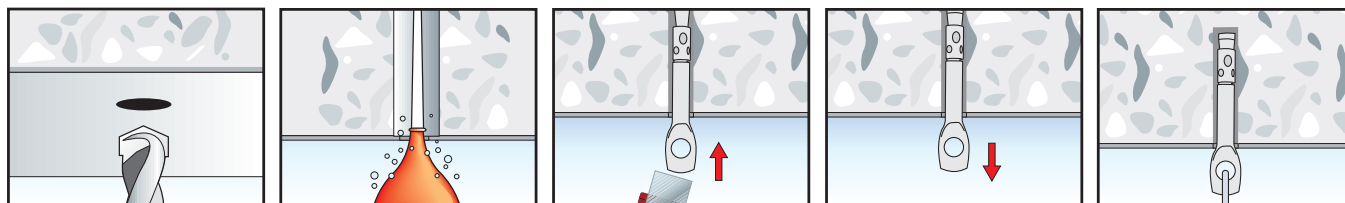

- to be mounted aligned the wall

Suggestion for use

- always consider an appropriate safety factor
- check load bearing capacity values
- respect the installation data
- clean the hole before the installation

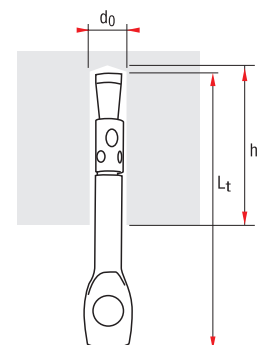

installation sequence

Clean the hole before the installation

product code and technical data

Code	Description	d ₀ mm	L _t mm	h ₁ mm
559	VEO 6/50	6	50	40
1559	VEO 6/60	6	60	50

ATTENTION: An appropriate safety factor ≥ 4 should be applied on these values
