## S. ROCCO OF TORREPADULI, DANCE AND FAITH

In Torrepaduli the feast of S. Rocco is a serious thing. It has always been so, even when in the past the merchants who stayed in this area used to make a reckoning, with the weapons of the time: knives and swords. Now it's not so anymore, even if the rite of the clash has remained and has turned into a dance, the dance of swords. On the night of August 15-16, groups form and dance until the first light of dawn. The party however is not only this. Tonight there are in fact the drummers of Torrepaduli, already guests of our campsite, who will dance tourists and residents of this small village, rich in tradition.

### TODAY, IN HISTORY

On August 16, 1930, the first color and sound cartoon called "Flip the Frog" was made. It was made by Ubbe Ert Iwwerks, friend and former partner of Walt Disney.

**NEGROAMARO  
WHITE, TASTE  
AND ELEGANCE**

The Rocci di Cantina Coppola, the first white Negroamaro ever, was born in 2006 from the intuition of Carlo Antonio Coppola and the oenologist Giuseppe Pizzolante Leuzzi, convinced that the peculiar organoleptic characteristics of Negroamaro could also give the white wine a structure of great impact. The first vintages were bottled as Table Wine, because no DOC and IGT contemplated the vinification of Negroamaro in white. Subsequently, the name of Igt Puglia was obtained. Today among our most appreciated wine.

## RECIPE OF TODAY

### Mussels “arraganate”

(da velocissimo.it)

**Ingredients: 1kg of black mussels, 1 egg, 150gr of breadcrumbs, capers, parsley, pepper, extra virgin olive oil Cantina Coppola**

Mix the bread crumbs with the capers, egg, pepper, parsley, and water from the mussels themselves, some like to add some grated sweet cheese and oregano. The mussels, previously opened by hand or if you can not manage made to stay on low heat with lid for about 15 minutes, should be deprived of one of the two valves (the one without the mussels of course) and in the other should be put the dough we have prepared and baked in a baking pan in the oven already hot 180 ° for about ten minutes. Leave to cook for about ten minutes.

## GALLIPOLI AND ITS PALACES

In addition to the churches rich in decorations and history of the old town, there are also numerous residences and noble palaces that are an integral part of the urban fabric. Over the centuries Gallipoli has seen so many social groups living together in the city, from the nobles to the humblest people. These social classes have almost always lived together with a discreet tranquility, symbolized by the continuity with which the houses are flanked one another. Given the limited space of the village-island, in fact, the nobles, although perhaps having the money, had to adapt. The result? Palaces and residences are adjacent and contiguous to common houses. The opulence was then externalized with the interior decorations. Unfortunately many of these palaces are not visitable because they are still private, yet a route to discover them in the historic center would be interesting, starting from Palazzo Ravenna and ending with Palazzo Tafuri, just to name a few.
