Today's sign is the **BALANCE**. You must have the courage to rebel against it, even though you are used to letting go of it so as not to be controversial.

RECIPE OF TODAY

Cocule

(da velocissimo.it)

Ingredients: 1kg potatoes, 1 egg, 1kg tomato sauce, parsley, 100gr gr grated pecorino cheese

Boil the potatoes, then crush them and mix in the egg, cheese, pecorino and knead; if the dough is too soft, add a little flour. Now make a classic sauce and pour a part of it into a baking sheet, then make the cocule, that is the meatballs, lay them on top and cover with the remaining sauce, then bake at 180° for about twenty minutes.

THE CATHEDRAL OF MOSAIC

Among the beauties of Otranto certainly has a special place, for its history and its art. The Cathedral of Santa Maria Annunziata, built in 1068, is a collection of different architectural and decorative styles, with Byzantine, Romanesque and early Christian elements. When the city was besieged by the Turks in 1480, the church was transformed into a mosque, with all that this meant: the destruction and removal of the previous furnishings. Particular elements of the church are the crypt, located at the end of the right aisle, in which there are the bones of the martyrs, and the mosaic, which is also the floor of the nave. The central figure of the mosaic is the tree of life, with all its ramifications and countless representations and decorations. If you go to Otranto you must visit this place!
