SECOND WORD CUP WIN BY FRANCE

With the final whistle and the players all on the field France gets its second world title with a 4 to 2, after that earned during the tournament that she organized at home in 1998. A game fought and with many mistakes, with the French starting with difficulty, and the Croats trying to push from the beginning. Griezmann unlocks the situation with the ball entering the net from a free kick thanks to Mandzukic and his header. Perisic did not take long to equalize, but the penalty in favor of the bleus put a veto on the match, which the cousins control, with the two goals of Pogba and Mbappé. Not even the Mandzukic network, even if it gives some hope back to the Croats, is able to call the result into question. The French can thus sew the second star on their shirt, enriching the decoration on the head of the cockerel. The celebrations in France will certainly be the setting for this success.

Negroamaro Alezio Doc cultivated in the Li Cuti estate, in the countryside of Sannicola, owned by the Coppola family since 1489 and handed down from father to son. Li Cuti Rosso is a wine with an intense ruby red color, dry flavor and vinous scent. In 2013 and 2014 he obtained an award at the National Competition "Douja d'Or" Asti in the category DOC and DOCG wines. RECIPE OF TODAY

Omelette spaghetti

(da velocissimo.it)

Ingredients: 5 fresh eggs, 50gr of breadcrumbs, 150gr grated pecorino cheese, 250gr spaghetti, Winery Coppola oil, salt, pepper.

Cook the spaghetti and, after removing the water, put them aside. In a bowl, beat the eggs, adding grated cheese and breadcrumbs a little at a time. After having obtained a homogeneous mixture, add the spaghetti. Add salt and pepper and pour into a pot with boiling oil. Cook on both sides until fully cooked. I do not recommend making it too dry.

THE GRECIA SALENTINA #2

CALIMERA

With its 7000 inhabitants, Calimera is the second most populous municipality in *Grecia Salentina* and the leader of the initiative, among the most active in strengthening the cultural identity of Grika in this area. This link is already evident from the name of this country: Calimera derives from Greek and means "good morning". There is also a material testimony of the link with Greek. We are talking about the stele donated by the city of Athens in 1960, located in public gardens, with the engraving "Foreigner you are not here in Calimera". The origins of this country are very ancient and the presence of the Dolmen Placa can testify that. Over the years, the main economic activity has been coal production, with *craunari*, a dialect term for carbonari. To visit: civic museum of natural history of Salento, church matrix of S. Biagio, church of S. Vito.

(on the top: the church of San Brizio and the stele)
