## NEW DEVELOPMENT IN ITALIAN FOOTBALL

Official status arrived. Cristiano Ronaldo, better known as CR7, will wear the HCL jersey from next season, with a four-year contract of 30 million per year. The manoeuvre, which cost Juventus a lot, brings to Turin what is universally recognised as the strongest player in the world, and in fact the price of the sale was considerable: € 105 million to Real Madrid. With a Turin already in a state of turmoil for a few days because of the rumors that were circulating, now surely the enthusiasm will rise to the stars, along with the wait to see the champion at work on the fields of the A series. This operation is a recognition not only for Juventus but also for all Italian football which, despite internal difficulties, obviously attracts champions of this calibre. One thing is certain, the new season will be exciting!

### *Horoscope, what the stars say*

### TODAY, IN HISTORY

FIAT, Fabbrica Italiana Automobili Torino, was founded in Turin on 11 July 1899, 119 years ago, with 4000 initial shares and a capital of 800,000 lire. The arbors of an Italian success.

**Patitari,  
The sweet ionian  
taste**

Salento IGT, takes its name from the noble and ancient descendants of Patitari. Family with illustrious men of letters and weapons among its family members. Primitivo in purity aged in oak barrels. Intense ruby red, warm and aromatic scent, full flavor. It encloses the whole Mediterranean area; it is cultivated in the homonymous Patitari estate inside the Camping La Masseria. A lovely red but with a character that suffers from the beneficial influence of the Ionian Sea.

## THE CATHEDRAL OF GALLIPOLI #2

We continue to discover the treasures of our Cathedral. After admiring the Baroque exterior façade, the beauty of the interior of the church is no less. The size of the spaces is directly proportional to the number of colors that fill the 3 naves and the altars that surround the whole church, 13 in all, including the largest. Not only stone and paintings, but also marble and wood adorn the interior. Polychrome inlays with marble fantasies surround the high altar, bordered by a marble balustrade, with the bishop's chair and the imposing wooden choir behind, typical of the churches of Gallipoli. If we look up, it's all a blaze of colour, with the paintings overhanging the altar. In the next appointment we will tell you about a painter who has painted many paintings of the cathedral and beyond, Giovanni Andrea Coppola.
