## DISCONNECTED BECAUSE OF THE SEA?

Those who come to our campsite immediately notice the attention to the environment that distinguishes it, as well as the whole family business. For decades, we have been talking about the environmental problem and its various negative consequences, including the rise in sea level, caused mainly by the melting of glaciers. All efforts have been insufficient in an attempt to contain the problem. The world around us is clearly at risk, and the abnormal temperatures are proof of this. There is, however, a worse problem, which might see us all interested and concerned. According to a study by Paul Barford, the rise in sea level could submerge, and thus put out of action, a large part of the global Internet connection. 4000 miles of cables are at risk in the next 15 years, when they thought they had 50 available to put in place protective and preventive measures. Perhaps the risk of being disconnected will make us more careful and quicker to intervene?

### *Horoscope, what the stars say*

Today's sign is the **TAURUS**. You find yourself in a complicated situation, carrying out your ideas and your projects will not be easy. Act with caution.

### TODAY, IN HISTORY

Today's event reminds us of a model doctor who was proclaimed a saint in 1987. We are talking about St. Joseph Moscati, a Neapolitan doctor who worked with the sole aim of alleviating the suffering of others, often treating free and helping, even economically, those who could not have access to treatment. Born 25 July 1880.

**Patitari,  
The sweet ionian  
taste**

Salento IGT, takes its name from the noble and ancient descendants of Patitari. Family with illustrious men of letters and weapons among its family members. Primitivo in purity aged in oak barrels. Intense ruby red, warm and aromatic scent, full flavor. It encloses the whole Mediterranean area; it is cultivated in the homonymous Patitari estate inside the Camping La Masseria. A lovely red but with a character that suffers from the beneficial influence of the Ionian Sea.

## RECIPE OF TODAY

### Aubergines roasted with mint

(da velocissimo.it)

**Ingredients: 500gr of aubergines, salt, garlic, vinegar, mint, extra virgin olive oil Cantina Coppola**

Clean the eggplants and cut them into thin slices. Put some salt on the slices, place them in a colander with a weight on top so that they lose their excess bitterness. Prepare a sauce with oil, vinegar, salt and pepper, to wet the slices of eggplant before roasting them on the embers. Once cooked, arrange them in layers in a bowl with the mint, a drizzle of extra virgin olive oil, a few drops of vinegar and, to taste, a little garlic.

## THE CHURCH OF PURITÀ

With the celebrations in honour of Santa Cristina in progress, another obligatory stop for the visitor, even if decentralized with respect to the heart of the festival, is surely the church of Purità, inside which the statue of Santa Cristina is jealously guarded. The church, situated just above the beach of the same name, is another small sacred art gallery. The façade, which is quite simple, could deceive and lead one to think that the interior is just as unadorned. Quite the opposite! There is not a single square metre inside that is devoid of decoration, a small golden and colorful jewel. This oratory houses the confraternity of S.M. della Purità, whose confraternity, in ancient times, represented the guild of port unloaders, the "Vastasi". Surely too small a space to tell you about the beauty of the church, the only solution? Go visit her!
