INCREASE THE NUMBERS OF CAMPERS

The figures are clear: there is 43% more production of motorhomes in Italy, with positive effects also on exports and registrations, which show a +20%. A trend that must be strengthened and enhanced by institutions, because the camper is a tourist attentive to the territory, who often prefers places more in contact with nature and where he can better know the culture of the place. The A.P.C., the Association of Caravan Manufacturers, announced this with great satisfaction. Since 1980 La Masseria has been welcoming more and more campers from all over the world. With this in mind we have adapted our services, the last for the date of construction, the maxi pitches facing the sea available from this year. Along with this, many other services such as, to name but one, the shuttle service, essential for those staying with a camper and does not have a car to reach Gallipoli. For almost fifty years we have been committed to continuous improvement of services and guests have always appreciated.

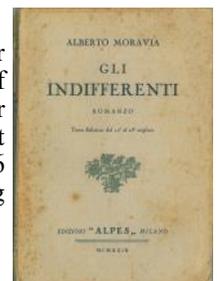

TODAY, IN HISTORY

Horoscope, what the stars say

Today's sign is the **BALANCE**. Use your willpower to end a relationship that is unstable and could hurt you. Try to be strong.

89 years ago the Roman writer Alberto Moravia, pseudonym of Alberto Pincherle, published, after a period of convalescence, his first novel "The indifferent". It was 26 July 1929, the start date of a long literary career.

HISTORICAL
LABEL**

The most long-lived label of Cantina Coppola. It was one of the first wines to be bottled already in the 60s under the name of Doxi Vecchio. It takes its name from the noble family of the same name. RECIPE OF TODAY

Fried meatballs

(da velocissimo.it)

Ingredients: 500 gr of ground beef, 5 tablespoons breadcrumbs, 2 eggs, 100 gr cheese grated, chopped parsley, chopped garlic, salt.

Work all the ingredients well, if necessary we can help ourselves with a little milk. Then make our meatballs and fry them in deep boiling oil. Let them dry for a few minutes on absorbent paper and serve hot.

TORRE PALI

A small marina in Salve, Torre Pali has a sea that is second to no other town in the province, so much so that it has deserved the blue flag for several years. It was born as a small fisher village, but in recent years the sudden development of tourism has transformed the resort that each prepares to welcome thousands of guests, ready to dive into its crystal clear water. The name of the village derives from the tower that it houses, dating back to 1500 and included in the system of coastal towers wanted by Charles V to defend the territory from the Saracens. Now the tower, due to coastal erosion, is about 15 meters from the mainland and is surrounded by the sea. In next editions we will tell you about the island of the maiden, a small rock off the coast of tower poles, linked to a sad legend of the country.

EVENTS

> At **Specchia Gallone (Minervino)** the **Frised-dhra Festival**, to be seasoned as you like. An evening entirely dedicated to this food, whose main feature is the double cooking, which makes it so hard. Once softened with water you can indulge with the seasonings.

> In **Porto Miggiano (Santa Cesarea Terme)** the **two-day of fish festival**. The organizers are waiting for you to taste the typical dishes of the sea, near the sixteenth-century tower. From 22:30 taste free fried fish. All with the musical accompaniment of the pizzica salentina.

> Tonight "**marangiane in festa**", **two days dedicated to aubergines in Castrì di Lecce**. Fried, roasted, with pasta, you can find it for all types. Here, too, the pizzica couldn't be missing. In Piazza Paperi..
