EASY PAIRING

Pair and go. With simple, one-touch functionality, Easy Pairing lets you and your family or friends programme all of your radios to the same channel and code simultaneously. So now you can spend less time preparing, and more time exploring.

INSTANT PUSH-TO-TALK COMMUNICATION

Loud, clear and instant, Push-to-talk (PTT) functionality means calling is quick and easy. Just press the button and talk - no waiting for dial tones or for calls to connect.

PMR446 LICENSE FREE

Talkabout radios utilise PMR446 frequencies for easy, cost effective operations with no subscription or call charges. Talkabout radios are also compatible with any other radio operating on the same PMR446 frequencies.

16 CHANNELS

More channels gives more choice and reduced interference from other radio users so messages can get through first time.
